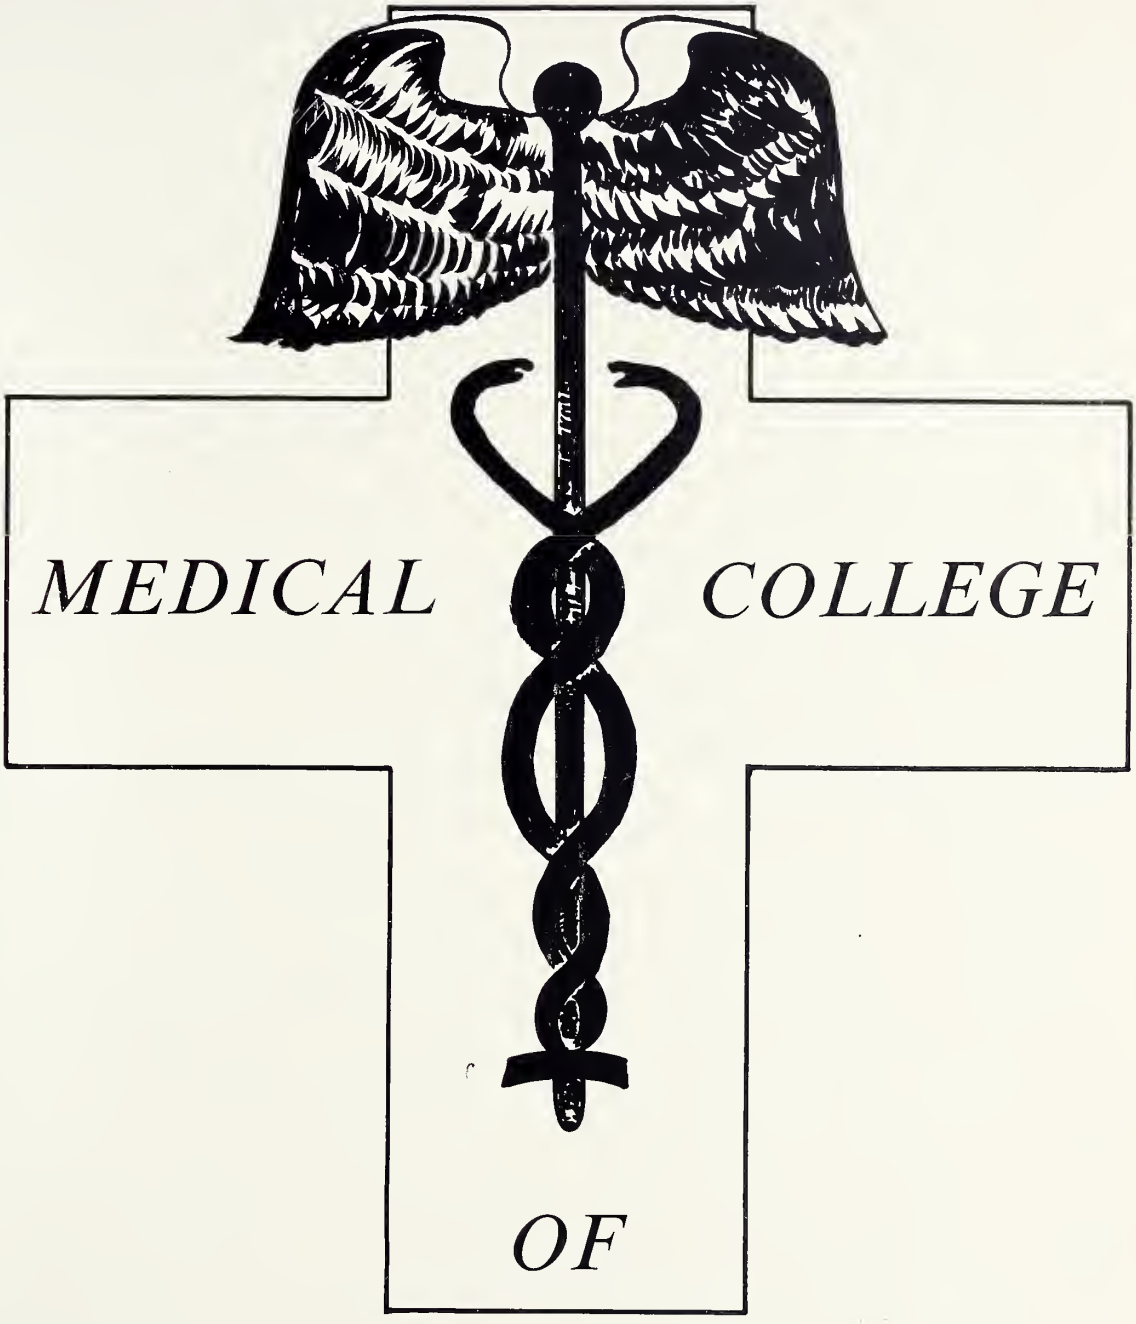
THE TRES ANNI



MEDICAL COLLEGE

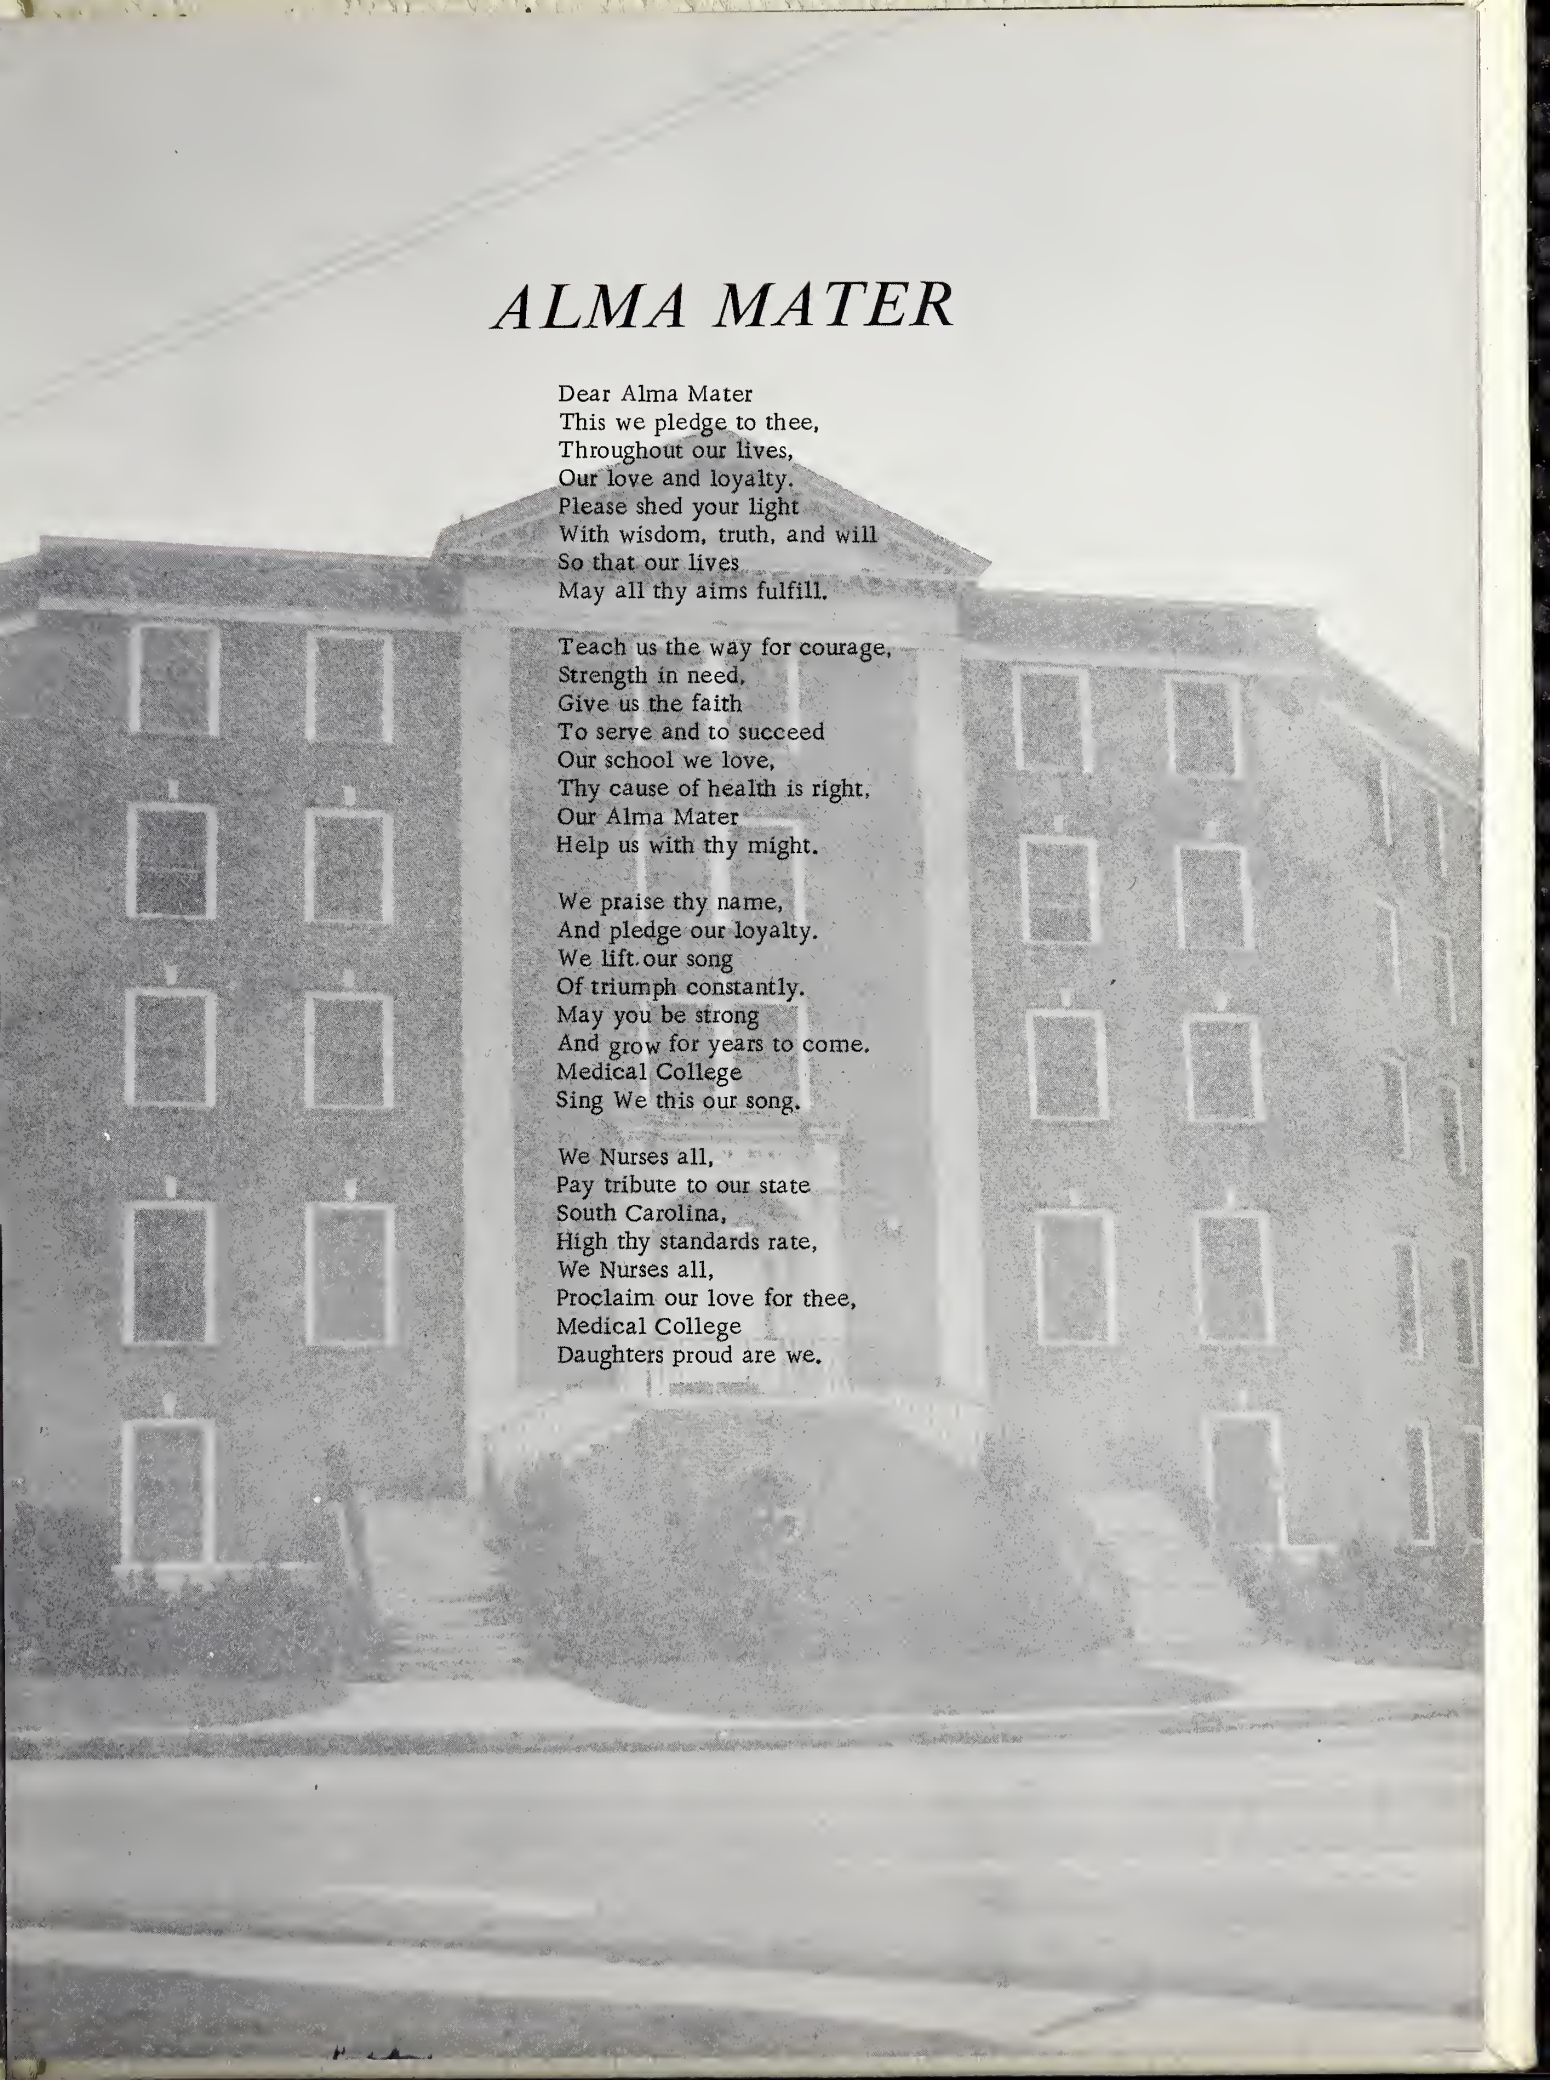
OF

SOUTH CAROLINA
SCHOOL OF NURSING
1963

Foreword

"Enter to learn and leave to serve." In presenting the 1963 "Tres Anni", we hope to show how we have gained in knowledge and statue as nurses. As we bring to end another year, we think of many past memories and many future plans. We, as nurses, have set our goals high and meet each new day with hearts filled with courage and hope.

An important part of our reward in nursing, as in life, is gained indirectly. The mature and unselfish nurse finds satisfaction in knowing that others receive comfort from her. In giving of ourselves through service and understanding, we are nurses . . . . all.



ALMA MATER

Dear Alma Mater
This we pledge to thee,
Throughout our lives,
Our love and loyalty.
Please shed your light
With wisdom, truth, and will
So that our lives
May all thy aims fulfill.

Teach us the way for courage,
Strength in need,
Give us the faith
To serve and to succeed
Our school we love,
Thy cause of health is right,
Our Alma Mater
Help us with thy might.

We praise thy name,
And pledge our loyalty.
We lift our song
Of triumph constantly.
May you be strong
And grow for years to come.
Medical College
Sing We this our song.

We Nurses all,
Pay tribute to our state
South Carolina,
High thy standards rate,
We Nurses all,
Proclaim our love for thee,
Medical College
Daughters proud are we.

Dedication

Nursing is the way of life to which we are dedicated. Without even realizing it, this profession encircles our lives -- we experience the joy of a baby's first cry, smile inwardly as medicine and nature heals, a feeling of sorrow for a passing life. These are the elements shared by thousands of nurses all over the world.

Each nurse as an individual experiences joys and sorrows, but we nurses all share the inner satisfaction of being just a minute part in the world wide healing for our work is love made visible.

To this way of life and to all those who have chosen to be members of this profession, we dedicate the 1963 "Tres Anni."

"The Nurse"

The world grows better, year by year
Because some nurse in her little sphere
Puts on her apron and grins and sings,
And keeps on doing the same old things,
Taking the temperatures, giving the pills,
To remedy mankind's numberless ills,
Feeding the baby, answering the bells,
Being polite with a heart that rebels.
Longing for home, and all the while knowing the
importance of a happy smile.
Blessing the newborn babies first breath
Clothing the eyes that are still in death.
Taking the blame for so many mistakes,
Oh dear! What a lot of patience it takes.
Going off duty at seven o'clock
Tired, discouraged, and ready to drop,
But called back on special at seven fifteen,
With woe in her heart, but it must not be seen
Morning and evening, and noon and night
Just doing it over and hoping it's right
When we lay down our caps and cross the bar,
Oh Lord will you give us just one little star
To wear in our crowns with our uniforms new
In that city above, where the head nurse is you?

Class History

In retrospect--to Contemplate
What has happened as of late,
The story of our class we'll write
And we'll paint the future bright.
But let's go back three years ago--
Of nurses-to-be there were fifty-four.
They were the class of '63,
And shortly they will make history.
Soon some of this class will graduate,
June 6, '63, to be the date.

What did they do in those years between?
The start of a new way of life was seen.
Up with the sun each morning new,
Of classes and labs there were quite a few.
Capping at last--what a joy!
Freshmen we were--oh boy!
Never had enough hours each day,
But soon came summer with work--and play!
In August we our stripes received,
Vacations for some--such a reprieve.

September to December, a "Junior Slump".
But classes did end--over the hump.
With the year '62 special services came,
The way was hard but we were game.
The months were filled with many an event,
And to these our school spirit we lent.
Graduation--June '62,.
From this event we took our cue
For next year would be our turn,
An opportunity not to spurn.

Another summer--seniors at last
As we reviewed the two years past.
More work, and also authority
An ideal for more young nurses-to-be.
Now at last the goal's in sight.
Of graduation we dream at night.
After three years we've learned our lesson,
"---to maintain and elevate the standard of our profession"
From the Nightingale Pledge--we repeat the verses,
For now we realize--we are nurses.

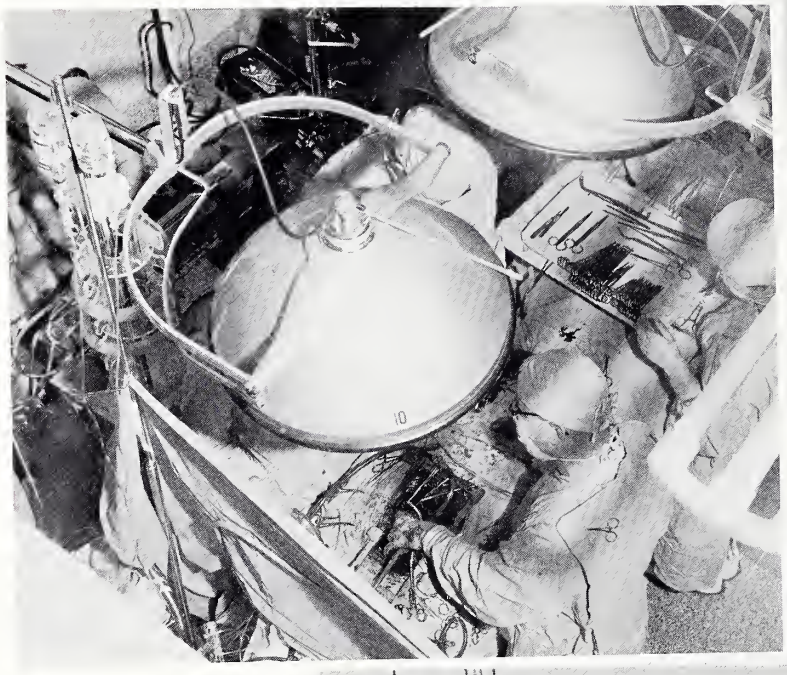
SERVICES

SURGERY

Mrs. Bouvette supervises Miss Bridge's changing a colostomy dressing.



Valuable experience and better understanding of anatomy and physiology are gained in the operating room.

In the recovery room Miss Griffin is taking the blood pressure immediately after surgery.

MEDICINE

Many diagnostic studies are learned on a medical floor. Miss Story helps Dr. Westbrook do a lumbar puncture.

Miss Seabrook checks the patient's weight as routinely done on a medical ward.

OBSTETRICS

Miss Robbins and Mrs. Harris take a patient into the delivery room.

Mrs. Harris checks the weight of a newborn baby.

Miss Mouzon takes a newborn to her mother for feeding.

PEDIATRICS

In the premature nursery we learn how to care for babies who usually have not fully developed their reflexes.

Miss Harmon and Mrs. Bowen entertain the children between visits from parents.

A good relationship is necessary between a nurse and her patient, as shown by Miss Mouzon.

EMERGENCY ROOM

Miss McDavitt and Dr. Hurger help receive a patient. This type nursing is helpful in teaching us to act quickly and with accuracy.

CLINIC

In clinic we see patients in the different services. Miss Ackerman wraps a leg in the boot room of the surgery clinic.

PINEHAVEN

Anxious moments as Dr. Gregg goes over Mrs. Olsen's x-rays with her and Miss Altman.

Mrs. Brown and Mrs. Lanning get the monthly medicine ready as the out-patients come for them and their examinations.

PSYCHIATRY

The Mills Building is a domitory for student nurses on psychiatric affiliation.

New admissions go to the Williams Building for diagnostic tests and evaluations.

The Byrnes Clinic is a hospital for the care of physically ill patients.

PUBLIC HEALTH

Miss Ackerman goes on one of the frequent visits to a patient's home in the community with Mrs. Josey the public health nurse.

Miss Tanner familiarizes herself with the diets and nourishments and explains them to the patients as the trays are given out.

Is it to much to ask that every girl have her own bed?

Now where did you put that bottle?

How hard it is to say at the close of all we have shared - this is the end. As another class graduates, we think of the many past experiences we have shared, both together and separately. The TRES ANNI staff has tried to show a few of the joys, the tears, the dreams, and the daily life that we experience together during our three years here. We hope that this year's TRES ANNI will help to recapture and remind us of our days spent in training throughout our lives.

I would like to express my deep appreciation to this year's staff for their willingness to give their time and energy, their patience, and their hard work. I would like to openly thank Becky Tompkins and Mrs. Sue Stramm for their part in putting out the TRES ANNI.

It would take many pages to express my appreciation to all the people who have contributed to this TRES ANNI but I would like to thank:

Miss Grace Wooten - for your support and interest.

Mr. Lou Roempke - for your patience while taking pictures.

Mrs. Harris at Kerrison's - for your cooperation while taking pictures.

Mr. Walter Kahrs - for your suggestions and understanding while taking our pictures.

We, the staff, present the 1963 TRES ANNI with pride, and satisfaction, and with the hopes that it will mean something special to each and everyone of us.
